

Data Verification for Tech Company

PROJECT DETAILS

 Business Consulting

 Jun. 2022 - Ongoing

 \$10,000 to \$49,999

“

"They moved quickly and provided quality candidates."

PROJECT SUMMARY

1840 & Company provides data verification services for a tech company, sourcing candidates from the Philippines. They also support the client's payroll system.

PROJECT FEEDBACK

Within two weeks, the client is able to hire two candidates, thanks to 1840 & Company's help. The team's efficient workflow has helped them source quality candidates in no time, which impresses the client.

The Client

Please describe your company and your position there.

We are a tech company. I am the HR Manager.

The Challenge

For what projects/services did your company hire 1840 & Company?

They hired a team of 6 employees to help us with Data Verification

CLIENT RATING

5.0

Overall Score

Quality: 5.0

Schedule: 5.0

Cost: 5.0

Would Refer: 5.0

The Approach

How did you select this firm and what were the deciding factors?

I googled them and after speaking to Bryan, we felt confident that they would be a good fit for us.

Describe the project in detail and walk through their service package.

The team sourced candidates for us from the Philippines to do data verification for our company and now we work with them to do payroll.

How many resources from the vendor's team worked with you, and what were their positions?

I believe we worked with 4 people

The Outcome

Can you share any outcomes from the engagement that demonstrate progress or success?

The team moved quickly to source quality candidates for us. We were able to have a team start within 2 weeks of them starting their search.

How effective was the workflow between your team and theirs?

It was effective

What did you find most impressive or unique about this company?

They moved quickly and provided quality candidates.

Are there any areas for improvement or something they could have done differently?

This was our first time using a company like theirs so I would have liked some more handholding. I also think an online portal for me and my team to login to would be beneficial in order to stay organized.
